

Suffield Police Department

Anthony J. Riello, *Chief of Police*

Request for Additional Enforcement of Traffic Regulations:

If you would like to request additional enforcement of traffic regulations in a particular location within Suffield, download, print and complete the "**Citizen Request for Traffic Enforcement**" form. When completing the form, be *very specific* when providing location, dates, times, and directions of travel, as this will help us in maximizing limited resources while attempting to address your concern. Present the completed form to the Public Safety Dispatcher on-duty at Suffield Police Headquarters. The completed form will be assigned a case number and forwarded to the Patrol Division for assignment as our calls for service volume and criminal caseloads permit.
